When Wraith receives a mysterious message in the Sphere, even Sin with his incredible computer skills is puzzled by what it could mean or where it came from. Then they learn that not only has Darkwalk been implicated in the theft of ultranuclear weapons from China, but their most dangerous enemy has escaped from the most secure AR prison in existence. They know there s no chance it s coincidence. . .before it s too late. If the Darklings want to get the weapons back before China launches an attack that could wipe out the whole AR, they have to get their prisoner back first. The only chance Wraith sees is the AR s second most dangerous enemy-the man responsible for their situation in the first place, the man she put into Deadlock herself: her unstable ex-partner Parker. Rogue is understandably reluctant to turn to the man who once kidnapped his people and tried to kill him. But when Wraith is kidnapped, he has no choice-there is no one else powerful enough to stand against their enemies. He ll have to trust Parker before time runs out on China s patience and Wraith s life. But will Parker prove worth his trust? Deadlock is book 3 of the Darkwalk series, a fast-paced dystopian scifi filled with clones, suspense, genetic engineering, and mutant attack animals.
