LAWYERS, MONEY, AND SUCCESS: THE CONSEQUENCES OF DOLLAR OBSESSION

ABC-CLIO, United States, 2002. Paperback. Book Condition: New. 229 x 155 mm. Language: English Brand New Book ***** Print on Demand *****.Retired Justice Macklin Fleming argues that in its quest for money, the legal profession has lost sight of its true tasks and responsibilities, with the result that the profession is rife with client dissatisfaction, public distrust, and individual lawyer discontent. Money is now the measure of success, he says, and honesty has been diluted, while fiduciary responsibility has eroded. Fleming elaborates his case with unusual rigor. In the quest for the brass ring of financial success, corner-cutting, absence of candor, and distortions of fact have become increasingly tolerated, to the extent that clients, the public, and lawyers themselves no longer have a sense of trust and confidence in the legal profession. Obviously, changes are needed, and unless they come from within the firms themselves, lawyers can be sure that they will come from individuals, agencies, and organizations outside these firms. Attorneys in all kinds of practices, their clients in all sectors of the economy, and academics concerned with the practice of law in all its dimensions will find Fleming's book informative, challenging, and certainly provocative reading. Fleming starts by examining what he sees as a paradox: a large increase in lawyers fees despite a fourfold increase in lawyer numbers and a threefold increase in their proportion of the general population. What happened to the law of supply and demand? he asks. After tracing the history of the large corporate law firm and its dominance within the profession, he shows how cost-effectiveness within large firms has declined while at the same time what he calls the magic of the emperor's new clothes has suspended the law of supply and demand. He discusses excessive legal fees, their resistance to...
