

Sfs2 - Science Fiction Short Stories

By Krishna Kumar Mani

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.SFS2 is an amazing collection of ten science fiction stories that will please any reader looking for adventure. The author aims for the stars and definitely hits his mark. Some of these ten stories seems like they could happen right now, and others in the near future. With the technology we live with today, this science fiction could be real life. SUMMARY: Lost Planet: A television news reporter trapped in a new post-apocalyptic world knows that there is more going on than what meets the eye. A surprise plot twist will make your jaw drop. An Alien Animal: An exciting story with a hilarious plot twist. A semi ordinary guy with a big mouth lands himself in hot water when the adventure he dreams of suddenly lands in his lap. Half Invention: A very interesting time machine story that leaves you wanting more. A definite view of how human excitement invariably transcends human reason. 404: A very interesting story about technology of the possibly not so distant future. This story has quite the humanistic touch as well...

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).
